Ecology Program

King Mongkut's University of Technology Thonburi

King Mongkut's University of Technology
Thonburi, School of Bioresources and
Technology, Bangkhunthien, Bangkok

Make people change the way they think

I began from this point

I love animals, I want to take care of them like this way, am I wrong?

2. Outdoor program

2.1. For secondary students. Why?

200 secondary students in Ho Chi Minh City.

2. Outdoor program

2.2. For biology teachers. Why?

200 secondary teachers in Ho Chi Minh City. The teachers continue organize outdoor programs for to their students by this way.
